with the Memorandum of Agreement and Consent Decree entered by this Court in *United States v. State of Alaska*, No. A91-081 CIV (D. Alaska) on August 28, 1991 ("MOA").

On September 25, 1991 the State of Alaska and the United States settled their claims against the Exxon Corporation, Exxon Shipping Company, Exxon Pipeline Company, and the T/V EXXON VALDEZ arising from the EXXON VALDEZ oil spill. All funds resulting from these settlements were subsequently ordered by this Court to be placed in an interest-bearing account in the Court Registry Investment System ("CRIS") administered through the United States District Court for the Southern District of Texas.

On June 7, 2000 this Court entered its Third Amended Order for Deposit and Transfer of Settlement Proceeds ("Third Amended Order"). The Third Amended Order allows the Governments the option of investing the money in an account outside the United States Treasury. On September 29, 2000, upon application by the Governments, the Court entered an Order Re: Transfer of Funds from the Exxon Valdez Liquidity Account and the Reserve Fund to an Investment Fund Within the Alaska Department of Revenue, Division of Treasury, authorizing transfer of settlement proceeds to an account within the State. On October 5, 2000 all funds and securities were transferred from the CRIS to the Investment Fund. The Third Amended Order further allows the Governments to establish separate sub-accounts within the primary account as the Trustee Council determines appropriate. On October 1, 2002 three sub-accounts were created in the Investment Fund, to wit:

the Research Investment Sub-Account, the Habitat Investment Sub-Account, and the Koniag Investment Sub-Account. These sub-accounts were established to carry out the Trustee Council's decision in its Resolution of March 1, 1999 to separately manage the remaining assets of the Joint Trust Funds for the specific purposes of funding a long term research and monitoring program, the acquisition of lands along the Karluk River and the establishment of a fund to purchase small parcels of land that may become available in the future.

Paragraph 27 of the Third Amended Order provides that "funds in an Investment Fund shall remain on deposit in that Fund until such time as the Exxon Valdez Oil Spill Trustee Council unanimously resolve to expend all or part of the funds." The funds may then be expended, for purposes consistent with the MOA, upon the joint notification of the Governments to the Investment Fund and the Court.<sup>1</sup> The notification is to inform the Court of the proposed uses of the funds in the same manner and to the same extent as was the Governments' practice when the funds were in the registry of the Court.

The Governments provide notice of this twenty-third expenditure from the
