

**RESOLUTION 22-06 of the
EXXON VALDEZ OIL SPILL TRUSTEE COUNCIL
regarding the
Restoration Delta Plan Alternative Green, Option A**

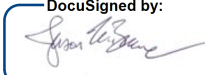

At its November 30, 2022 meeting, the *Exxon Valdez* Oil Spill Trustee Council ("Trustee Council") made a unanimous decision to adopt Delta Plan Alternative Green, Option A. Alternative Green funds all approved multi-year projects through FY26, at which time any remaining multi-year projects will be reviewed by the Council's Science Panel, Public Advisory Committee, and Executive Director to provide recommendations to the Council on how to spend any remaining funds. Upon the approval of Congress, Option A will effectuate the removal of restrictions on the Habitat Subaccount (see [Resolution 22-04 Regarding the Restoration Reserve](#)) to allow for more flexibility in how funds are used to support restoration projects. The Council also unanimously voted to authorize staff to investigate previous administrative spending and ensure general expenses were and are allocated to the appropriate subaccount.

THEREFORE, BE IT RESOLVED, that all approved multi-year projects be funded through FY26, so long as funds are available in the EVOSTC investment accounts; and

BE IT FURTHER RESOLVED, that the Council will hold a public meeting no later than FY26 to review recommendations made by the Council's Science Panel, Public Advisory Committee, and Executive Director to determine how to spend any remaining funds.

BE IT FURTHER RESOLVED, that, based on the review by staff of historic administrative spending, funds for the General Operating Budget will be supported by the Habitat subaccount during FY23 – FY26.

This resolution was presented to and approved by the Trustee Council this 30th day of November 2022.
