INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

Exxon Valdez Oil Spill Trustee Council
Anchorage, Alaska

I have performed the procedures enumerated below, which were agreed to by the management of *Exxon Valdez* Oil Spill Trustee Council (EVOSTC or Trustee Council), solely to assist you in evaluating the sufficiency of policies and procedures established by the Trustee Council over the flow of funds into and out of the Trustee Council's State of Alaska *Exxon Valdez* Oil Spill Investment Fund (Investment Fund), the *Exxon Valdez* Civil Settlement Account with Natural Resources Damage Assessment and Restoration (NRDA&R) account, and the State of Alaska – *Exxon Valdez* Oil Spill Settlement Trust (Settlement Trust), as well as the process and controls of each of the federal agencies over unspent project funds for proper and timely return to the Trustee Council's NRDA&R account for the Trustee Council year ended January 31, 2026.

The management of EVOSTC has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose described above. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

My procedures and findings with respect to the Investment Fund, NRDA&R, Settlement Trust and EVOSTC Restoration Office are as follows:

State of Alaska *Exxon Valdez* Oil Spill Investment Fund

Procedures

1. I compared expenditures from the Research or Habitat Accounts in the Investment Fund to transfers to the Settlement Account (State agency transfers) or NRDA&R (federal agency transfers). I performed the following steps for this procedure:
 - a. Obtained each Joint Notice of Expenditure from the Investment Fund (Joint Notice) provided to the United States District Court – District of Alaska through the end of the Trustee Council year ended January 31, 2026 and summarized expenditures by each of the federal and State recipient agencies and for the Habitat and Research Accounts.
 - b. Obtained the meeting notes from the Trustee Council meetings and the approved Annual Funding Overview (AFO) and Annual Budget (AB) for the Trustee Council Fiscal Year and agreed the expenditures reflected in the AFO and AB for Trustee Council activities from the Investment Fund as reflected in the Joint Notices to the Trustee Council approval.
 - c. Obtained and summarized the monthly Schedules of Investment Income (Loss) and Changes in Invested Assets from the Alaska Department of Revenue-Treasury Division for each month during the State Fiscal Year Ended June 30, 2025 and three months ended September 30, 2025 for each of the Habitat and Research Accounts of the Investment Fund.
 - d. Agreed the summarized Joint Notice approved transfers to the amounts transferred from the Habitat and Research Accounts of the Investment Fund.

Findings

No exceptions were found as a result of applying the procedures.

Natural Resources Damage Assessment and Restoration Fund (NRDA&R)

Procedures

1. I compared disbursements of federal project funding from EVOSTC's NRDA&R account to related Joint Notices and agreed receipts by NRDA&R of any unspent federal agency funds to federal agency reports. I performed the following steps for this procedure:
 - a. Obtained the annual Cash Flow Plan for the Trustee Council's NRDA&R account for federal fiscal year (FFY) 2025 from the Department of the Interior (DOI) and compared these to disbursements to federal agencies as reflected in the Joint Notices for FFY 2025.
 - b. Obtained the transaction detail for FFY 2025 for NRDA&R from the DOI and agreed the activity reflected in the Cash Flow Plan to the transaction detail for NRDA&R.
 - c. Compared remaining cash balances in the NRDA&R to the reduction in expenditures from the Investment Fund for federal trustee agency projects as reflected in Court Notices.
 - d. Reconciled amounts disbursed from NRDA&R to amounts reported by agencies taking into account the timing and the different reporting mechanisms employed by each of the agencies.
 - e. Obtained summary project tracking schedules and accounting reports from each of the federal trustee agencies and agreed the schedules to the accounting reports.
 - f. Recalculated the amounts reflected in the project tracking schedules for return to the Trustee Council's NRDA&R account.
 - g. Obtained documentation from each federal trustee agency supporting the initiation of the return of unspent project funds to the Trustee Council's NRDA&R account.

Findings

No exceptions were found as a result of applying the procedures. The status of each federal agencies' projects are as follows:

United States Geological Survey (USGS)

In FFY 2025, USGS participated in four projects and received AB support. After the end of the fiscal year and consistent with prior year, USGS reported expenditures for the fiscal year, but did not provide a report reflecting the amount of unused and carried forward research project amounts nor any unused AB support. I recommend that management of EVOSTC continue to work with USGS to have USGS provide these reports.

National Oceanic and Atmospheric Administration (NOAA)

In FFY 2025, NOAA participated in several projects and received AB support. After the end of the fiscal year in prior year (FFY 2023), NOAA reported that it had \$60,938 in lapsed funds from its AB support funding from FFY 2023, which it would return in FFY 2024. These funds were returned in FFY 2026. After the end of FFY 2025, NOAA returned \$135,471 in unused AB support to NRDA&R. For its multi-year projects with unused amounts, NOAA reported that it was carrying over unused funding to FFY 2026.

United States Forest Service (USFS)

In FFY 2025, USFS participated in two habitat projects. One was with the Copper River Watershed Project for culvert repair and monitoring that will continue through FFY 2027. Total funding for the

culvert repair was \$261,994. After the end of FFY 2025, USFS reported that \$150,253 was unspent on the project, and that it will work with EVOSTC staff to transfer some, or all, of the amount to the Copper River Watershed Project. The second is a habitat project at Eyak Lake for which USFS received funding totaling \$57,988 in FFY 2025, and \$218,209 in previous federal fiscal years. USFS did not report to EVOS the status of spending for this project for FFY 2025 or 2024. I recommend that management of EVOSTC work with USFS to obtain the necessary tracking report.

United States Fish and Wildlife Service (USFWS)

FFY 2025, USFWS had several long-term monitoring projects, and received AB funding. During FFY 2025, USFWS returned \$485,228 in unused AB support and project funding to NRDAR representing all project funds identified for return through the end of FFY 2024. Subsequent to the end of FFY 2025, USFWS reported that it would return \$202,462 in unused AB support and project funding to NRDAR representing all project funds identified for return through the end of FFY 2025. USFWS expects to return this funding in FFY 2026.

National Park Service (NPS)

As of the beginning of FFY 2024, all agency funding had been either returned or fully expended. During FFY 2025 the agency received project funds under a single multi-year project managed by USGS. Any unused project funding will be carried to FFY 2026.

State of Alaska Settlement Trust

Procedures

1. I agreed remaining fund balances in the State Settlement Trust to reductions in expenditures from the Investment Fund for State trustee agency projects. I performed the following steps for this procedure:
 - a. Obtained the State of Alaska, Department of Fish and Game's fund balance schedule for the State Settlement Trust and the supporting accounting reports from the State of Alaska accounting system.
 - b. Agreed the amounts reflected as available cash balances in the State Settlement Trust to the related accounting records.
 - c. Recalculated the obligations for active projects and recalculated the estimated amounts available to reduce expenditures from the Investment Fund for State trustee agency projects.
 - d. Agreed the amount available to reduce expenditures from the Investment Fund to respective Court Notices.

Findings

No exceptions were found as a result of applying the procedures.

EVOSTC Restoration Office

Procedures

1. I compared amounts approved by the Trustee Council for the AB to actual expenditures for the year. I performed the following steps for this procedure:
 - a. Obtained the EVOSTC Executive Offices Expenditure Matrix for the year ended January 31, 2026, which tracks the approved AB against actual expenditures, and compared the budgeted amounts reflected in the Expenditure Matrix to the budget approved by the Trustee Council, and compared actual expenditures for the current year to expenditures of the prior year.

- b. Compared actual amounts to State of Alaska accounting records.
 - c. Inquired of the EVOSTC Executive Assistant regarding variances of actual amounts for the current year to actual amounts of the prior year and of the budget.
2. I inquired of the EVOSTC Executive Assistant about procedures used to monitor the timely return of unspent federal agency project amounts to the *Exxon Valdez* Civil Settlement Account with NRDA&R.

Findings

No exceptions were found as a result of applying the procedures.

I was engaged by the State of Alaska, Department of Fish and Game on behalf of the EVOSTC's management to perform this agreed-upon procedures engagement and conducted my engagement in accordance with attestation standards established by the AICPA. I was not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion on established policies and procedures over the use of EVOSTC funding. Accordingly, I do not express such an opinion. Had I performed additional procedures, other matters might have come to my attention that would have been reported to you.

I am required to be independent of the EVOSTC and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely for the information and use of the management of the Trustee Council and the Federal and State of Alaska liaison agencies and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S COMPILATION REPORT

Exxon Valdez Oil Spill Trustee Council
Anchorage, Alaska

Management is responsible for the accompanying financial statements of the State of Alaska *Exxon Valdez* Oil Spill Investment Fund (Investment Fund) as of and for the years ended June 30, 2025 and 2024, as listed in the table of contents, in accordance with accounting principles generally accepted in the United States of America. I have performed compilation engagements in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. I did not audit or review the financial statements nor was I required to perform any procedures to verify the accuracy or the completeness of the information provided by management. Accordingly, I do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management has elected to omit substantially all of the disclosures required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the *Exxon Valdez* Oil Spill Trustee Council's financial position, results of operations, and cash flows. Accordingly, the financial statements are not designed for those who are not informed about such matters.

The accompanying financial statements of the Investment Fund present only the Investment Fund and do not purport to, and do not, present fairly the financial position of the State of Alaska or any of its component units as of June 30, 2025 and 2024, and the changes in its financial position, or, where applicable, its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

INDEPENDENT ACCOUNTANT'S COMPILATION REPORT

Exxon Valdez Oil Spill Trustee Council
Anchorage, Alaska

Management is responsible for the accompanying financial statements of the United States Department of the Interior, Natural Resources Damage Assessment and Restoration Fund (NRDA&R) – cash basis – as of and for the years ended September 30, 2025 and 2024, as listed in the table of contents. Management is also responsible for determining that the cash-basis of accounting is an acceptable financial reporting framework. I have performed compilation engagements in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. I did not audit or review the financial statements nor was I required to perform any procedures to verify the accuracy or the completeness of the information provided by management. Accordingly, I do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management has elected to omit substantially all of the disclosures ordinarily included in financial statements prepared in accordance with the cash basis of accounting. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the Exxon Valdez Oil Spill Trustee Council's financial position, results of operations, and cash flows. Accordingly, the financial statements are not designed for those who are not informed about such matters.

The accompanying financial statements of NRDA&R present only the amounts related to the Exxon Valdez Oil Spill Trustee Council and do not purport to, and do not, present fairly the financial position of NRDA&R or the U.S. Department of the Interior as of September 30, 2025 and 2024, and the results of their operations for the years then ended in conformity with accounting principles generally accepted in the United States of America. The NRDA&R financial statements are prepared in accordance with the cash-basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

INDEPENDENT ACCOUNTANT'S COMPILATION REPORT

Exxon Valdez Oil Spill Trustee Council
Anchorage, Alaska

Management is responsible for the accompanying financial statements of the State of Alaska Exxon Valdez Oil Spill Settlement Trust (Settlement Trust) as of and for the years ended June 30, 2025 and 2024, as listed in the table of contents, in accordance with accounting principles generally accepted in the United States of America. I have performed compilation engagements in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. I did not audit or review the financial statements nor was I required to perform any procedures to verify the accuracy or the completeness of the information provided by management. Accordingly, I do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

Management has elected to omit substantially all of the disclosures required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the Exxon Valdez Oil Spill Trustee Council's financial position, results of operations, and cash flows. Accordingly, the financial statements are not designed for those who are not informed about such matters.

The accompanying financial statements of the Settlement Trust present only the Settlement Trust and do not purport to, and do not, present fairly the financial position of the State of Alaska or any of its component units as of June 30, 2025 and 2024, and the changes in its financial position, or, where applicable, its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.
